Is our Desktop cluttered? Is our CPU overloaded?
Is our processor slowing down? Can our processor be upgraded?
Control of our mind (CPU) & fine tuning it is the solution.

Is our OS outdated? Can our OS be upgraded?
Can our OS be altered or changed?
Alt the Personality (OS) and upgrade it.

Are there viruses in the system?
Are there healthy viruses VS unhealthy ones?
Do we have Trojans corrupting our system?
Identifying, isolating, quarantining these viruses a possibility?
Delete this EGO (viruses) - is this even a possibility?

COME, EXPLORE WITH OTHERS WHO HAVE THESE QUESTIONS.

Swami Sarveshananda is the Resident Acharya of Chinmaya Mission Dallas. He has been appointed as the National Director of Chinmaya Mission Yuva Kendra (CHYK) West, the national body for College students and Young professionals (19-32 years) that will establish, nourish and flourish CHYK chapters all across North America including West Indies.

Swami Sarveshananda is a dynamic speaker who works tirelessly to spread the age-old knowledge of Vedanta. He has inspired countless number of people to enjoy the journey on the spiritual path and is known to personally touch every being he encounters relating equally well with children, youth and adults.
